

Challenge Chapter General Meeting 5/10/2005

Clinton River Report - Dan Kiefer reported that there has been good participation from chapter members. He is always looking for more volunteers though. The invertebrate survey teams will be the same this year.

Conversation Report: Bill Thorstead will meet with Susan Thiele on Friday to map out this weekends outing. There is one opening for the June and July outing if anyone is interested.

Education - Jeff Raphelson reported that we had another good year for the fly tying classes even though the beginner class was lightly attended. Jeff has a teamt hat is re-doing the materials for the beginner class. We had coverage in the Oakland Press that might help attendance. There is a First Cast program in August at the Southfield Public Library that Jeff will be sending out emails on.

Fundraising - Book sales continue to be good. We had a nice order from Jay's Sporting Goods following a visit last year by a few members. We need to collect from a few slow paying vendors but that does not seem to be a problem.

Board Slate for 2005 - John Marsh report the slate of officers for next year is as follows:

President	Martin Van Fossan
Vice President	Bill Womack
Treasurer	Dave Parker
Conservation	Greg Bauman
Fundraising	Jeff Shedowski
Education	Jeff Raphelson
Secretary	Tony Greening
At Large Member	Doug Shore
MCTU Rep	Bill Thorstead
