

Chapter Meeting November 11, 2008

Present: Ron Portsen, Robert Sparks, Maureen Shoup, Dan Keifer, Bill Womack, Bill Harber, Jerry Rivard, Jim Zyla, Dave Parker, Rich Bruder, Doug Shore, Bill Eisenman, Ed Coe, John Shoup, Julio Mazzoli, Russ Holmes, Greg Baughman, and Nancy Spence.

Speaker: Rich Merlino, from the Royal Oak Orvis Store, talked about “Steelheading on the Clinton River”. He said to fish from Yates dam downstream about 3 miles, in the shade and deep holes and sometimes near the edges of slow shallows. Fish in the spring but use caution as there’s a very strong current, especially below the dam. He suggested going to the DNR.org site and look for the “fish stocking” data base and see where they’ve stocked last year and the year before. He showed us his favorite flies for salmon.
